An Immersive Summer College Program for

FIND AN ACADEMY

EducationUSA Academy is a pre-college academic enrichment program providing college preparatory content, college-level writing workshops, and a unique perspective on higher education in the United States while abroad.

Our 2019 Host Institutions

Boston University

Interested in Science, Technology, Engineering, and Mathematics (STEM)? Join us in beautiful, historic Boston for the EducationUSA Academy at Boston University (BU) – a unique, STEM-focused program. Located in the educational capital of the United States, Boston University is the fourth-largest private research university in the nation. You will access university laboratories and resources, visit other local state-of-the-art research and educational institutions, and get personal guidance on your college application and essay.

Embry-Riddle Aeronautical University

Come experience American culture in beautiful Daytona Beach! Also known as “The Harvard of the Skies,” we are the #1 university in the world for aviation and aerospace. We are also one hour from Walt Disney World and the many universities and shopping options of the Orlando metropolitan area. Planned trips include Universal Studios, the Kennedy Space Center for students interested in NASA, and St. Augustine, the oldest city in the United States.

Johns Hopkins University

We're America's first research university. We believe in pursuing big ideas and sharing what we learn to make the world a better place. Located just one hour away from our nation's capital, Johns Hopkins EducationUSA Academy provides you with a world-class academic and cultural immersion experience. Improve your academic English, and learn about the U.S. education system with visits to historic colleges and universities.

Diablo Valley College

The EducationUSA Academy at IEC@DVC introduces participants to beautiful, vibrant Northern California and the San Francisco Bay Area. Participants will visit top-rated universities and explore magnificent national parks and historical California landmarks. They will enhance their academic English language skills, explore areas of study, understand the U.S. education system and experience a variety of social events and multi-cultural activities.

Montana State University

Improve your English language proficiency, develop leadership skills and prepare for future academic success. You will experience college life on the campus of Montana's largest research university and explore U.S. culture in a safe, clean and friendly community. In fact, The New York

Post recently ranked our city as the #1 place to live in the U.S. You will also tour Yellowstone National Park, participate in cultural festivals and visit various universities.

Northwestern University

Interested in improving your English while experiencing American culture in a world class city? Joining students from across the world, you'll explore Chicago's beautiful scenery, culture, and history. Northwestern University is internationally known for its academic excellence and innovative research. Learn more about the U.S. higher education system with us in one of the world's most diverse cities.

St. Cloud State University

Enjoy America's Midwest while working with local undergraduate students and faculty on STEM research projects. One of Minnesota's largest public universities, St. Cloud State sits on the banks of the Mississippi River in St. Cloud. Improve your English skills and obtain insights on college-entry exams and the American University system. Give back to the community through service learning projects and leave with a comprehensive personal statement to share with universities in your future application process.

St. John's University

Located in the greatest city in the world—New York—St. John's University offers a traditional college campus experience while being just a subway ride away from everything the city has to offer. Learn about what it takes to be a successful university student in the United States while improving your English and getting to know other ambitious students from around the world. By the program's end, you will have experienced diverse cultures and beliefs, gained academic skills and readiness, become familiar with various academic institutions, volunteered to help others, and made new friends—all in a safe, welcoming, and fun environment!

Syracuse University

Be immersed in a truly American university experience on a classic U.S. college campus in a small city. Students have American roommates and share in residential, social, and recreational activities with more than 400 students from 16 countries. Visit Cornell and other universities in the region, as well as a major amusement park and Niagara Falls. Join the English Language Institute (ELI) and Summer College for High School Students at Syracuse University.

Temple University

Live and learn with high school students from the U.S. and around the world. Based in Philadelphia, the birthplace of the U.S., you'll discover American culture as you take in rich history and world-famous art collections. Visit New York City, the beach, and other nearby iconic locations that will

immerse you in the American experience. Sample courses in a variety of majors including business, engineering, computer science, medicine, and the arts.

University of Alabama in Huntsville

You will improve your English skills while learning the history of space exploration, earth systems and the environment, all while enjoying our beautiful UAH campus, which was awarded the Best College Town by Southern Living Magazine. While here, you will experience our culturally-rich southern region where you will have an opportunity to explore the area during immersive educational excursions known by millions around the world.

University of Colorado Boulder

Hike the majestic Rocky Mountains. Breathe fresh Colorado air. Explore aerospace, engineering, health sciences, international business and psychology. Work closely with successful local entrepreneurs to develop a product or service that students present to professional stakeholders. Build teamwork, communication, negotiation, critical thinking, and problem-solving skills. Experience life on a safe, world-ranked campus with five Nobel prize winners. Meet key admission decision-makers at five universities. Get ready for an academic and culture adventure you will never forget.

University of Massachusetts Amherst

Situated in one of America's best college towns, the University of Massachusetts Amherst is a premiere research university on the east coast of the U.S. Our EducationUSA Academy program will help you understand higher education in the U.S. and prepare you to apply to U.S. colleges and universities. Through targeted ESL coursework, educational excursions, and a seminar-style approach to science, sustainability, and community development, you will establish an understanding of the unique culture in western Massachusetts. Visit a variety of colleges in Massachusetts, live in new accommodations with other international and U.S. high school students, increase your English language proficiency, and join us for an exciting summer in beautiful Amherst, MA.

University of North Georgia

Experience the natural beauty of mountains, streams, and forests. Students will be in a small, friendly, and safe town, with opportunities to experience local culture and build friendships with American high school students. Students will improve their English skills in an interactive and engaging setting as well as visit famous American universities such as Georgia Institute of Technology and Savannah College of Art and Design. The English program at UNG will improve your academic English, advance your college skills, and provide you with many opportunities to meet American high school students. In addition you will learn critical thinking skills, develop leadership skills, and visit the World of Coca-Cola, CNN, and many attractions in Atlanta and the Northeast Georgia region.

University of Tennessee-Knoxville

Come to the University of Tennessee, Knoxville, for an unforgettable summer experience in a community that offers extraordinary natural beauty, traditional music, and a distinct way of life.

Tennessee's EducationUSA Academy includes opportunities for developing skills as an entrepreneur, as well as field trips, homestays, and cultural experiences –such as visits to the Great Smoky Mountains National Park and Nashville, the World Capital of Country Music.

University of Wisconsin-Madison

Recognized as one of the top 12 public universities in the country and 6th for research, your summer at the University of Wisconsin-Madison promises to provide you an unforgettable experience! In a city known for its warmth, safety and diversity, you will engage in English and Career Exploration courses that increase your confidence to communicate and network with American peers, faculty and community members. Learn from world-recognized programs and faculty in your field, understand and prepare for the U.S. higher education system and experience social life on a beautiful U.S. campus. Live the Wisconsin Idea, become a Badger and extend your education beyond the classroom through three amazing weeks of educational, social and service engagement at UW-Madison!
